

Quintiq Executive Meeting

May 14, 2014

| Vlisco, Helmond, The Netherlands

Taking optimization to the next level

Innovative strategies for efficient production
and supply chain processes

Vlisco and Quintiq cordially invite you to a seminar at the Vlisco plant in Helmond, the Netherlands. Hear from the experts from Vlisco and engage in discussions on the latest innovative planning and optimization strategies.

The Quintiq impact at Vlisco

Vlisco, a Dutch textile company that has been influencing the fashion landscape in West and Central Africa, achieved remarkable results after implementing Quintiq's supply chain planning and optimization (SCP&O) solutions. Since then, it has:

- 1 Reduced lead times by 50%
- 2 Improved delivery reliability up to 90%
- 3 Continuously attained record output

"The combination of the Scheduler and Company Planner helped us in reaching production volumes in November 2012 and to a record-high output of 733,000 yards in week three of 2013. This is still rising.

I've worked at Vlisco for 24 years now and have never seen anything like this before."

– Ron van Hout, Manager, Planning and Warehousing at Vlisco

About Vlisco

Since 1846, Dutch textile manufacturer Vlisco has been designing, producing and distributing colorful fashion fabrics. Although the company initially focused on the Dutch and Dutch-Indonesian markets, the West African market has been Vlisco's primary market since World War II. Today, Vlisco is the undisputed market leader in Benin, Togo, Ghana, Ivory Coast and Congo. Visit www.vlisco.com

About Quintiq

Every business has its supply chain planning puzzles. Some of those puzzles are large. Some are complex. Some seem impossible to solve. Since 1997, Quintiq has been solving each of those puzzles using a single supply chain planning & optimization software platform. Today, approximately 12,000 users in over 80 countries rely on Quintiq software to plan and optimize workforces, logistics and production. Quintiq has headquarters in the Netherlands and the USA, and offices around the world. Visit www.quintiq.com
